TRAINING COURSES IN DETAILS

1	CCA (Certificate in Computer Application)
2	DIT (Diploma in Information Technology)
3	ADIT (Advance Diploma in Information Technology)
4	CCDP (Certificate Course in Desktop Publishing)
5	CCHN (Certificate in Computer Hardware & Networking)
6	PSWD (Professional in Software & Web Design)
7	CHNP (Computer Hardware & Network Professional)
8	ESSS (Electronic Security System Specialist)
9	PCBA (Professional in Computer Based Accounting)
10	PGDIT (Post Graduation Diploma in Information Technology)
11	CA-CAD (Certificate in Auto CAD (2D/3D Modeling)
12	CSMM (Certificate in Sales & Marketing Management)
13	CEBM (Certificate in Entrepreneurship and Business Management)
14	CBCSD (Certificate in Business Communication & Skill Development)
15	CDM (Certificate in Digital Marketing)
16	CCSP (Certificate in Cyber Security Professional)
17	CAAD (Certificate in Android Application Developer)
18	CST (Certificate in Smartphone Technology)
19	CRASH COURSES

1. CCA (Certificate in Computer Application)
Duration: 3 Months

➤ Basics/Fundamental of Computers
➤ Microsoft Office (Word, Excel, PowerPoint, Access)
➤ Multimedia
➤ Basic of Hardware & Software
➤ Device & Application
➤ PC-Software
➤ Virus & Antivirus
➤ Internet & HTML
➤ Introduce to Linux System.

2. DIT (Diploma in Information Technology)
Duration: 6 Months

➤ Basics/Fundamental of Computers
➤ Microsoft Office(Word, Excel, PowerPoint, Access)
➤ Multimedia
➤ Basic of Hardware & Software
➤ Device & Application, PC-Software
➤ Virus & Antivirus
➤ C Programming
➤ GST Tally
➤ Leap Office, Photoshop
➤ OS Installation and PC Assembling.
➤ Network & Internet & HTML

3. ADIT (Advance Diploma in Information Technology)
Duration: 1 Year

1st Semester
- Basics/Fundamental of Computers
- Microsoft Office(Word, Excel, PowerPoint, Access)
- Multimedia
- Basic of Hardware & Software
- Device & Application, PC-Software
- Virus & Antivirus
- C Programming
- Tally GST

2nd Semester
- Leap Office, Photoshop, Page Maker, Corel Draw
- OS Installation and PC Assembling.
- Network, Internet & HTML
- Introduce to Linux System & Application Software.

4. Certificate Course in Desktop Publishing (CCDP)
Duration: 3 Months

- Fundamentals of Computers
- MS Office
- Leap office
- Photoshop
- PageMaker
- CorelDraw

5. CCHN (Certificate in Computer Hardware & Networking)
Duration: 3 Months

- Basics/Fundamental of Computers
- Microsoft Office(Word, Excel, PowerPoint, Access)
- Basic of Electronic, Multimedia
- Device & Application
- Windows & LinuX Installation
- Application Installation
- Virus & Antivirus
- Parts of Computer
- PC Assemble & Disassemble
- Computer Architecture
- Internet & Networking (LAN/WAN, Server, Switch, Router, Cable Connections etc.)
- Data Sharing, Remote Desktop Protocol,
- Thin Client
- Troubleshooting & Fault Finding
- Field Training.

6. PSWD (Professional in Software & Web Design)
Duration: 6 Months

- My-SQL
- VB.Net2008
- Java Script
- ASP, PHP
- CSS/CSS3
- HTML & HTML5
- My Expression
- Xoomla
- LOGO Design (Iconic, Numeric & Alphabetic)
- Field Training.

7. CHNP (Computer Hardware & Network Professional)
Duration: 6 Months

- Basic of Electronics
- Basic Laptop and Computer Hardware
- Desktop & Laptop assembly & Disassembly
- Multimedia, Device Driver & Application Software
- Window Installation (Windows 98, XP,Win-7,etc)
- Application Installation
- Computer Virus Removal Critics
- Partition Magic, Data Recovery
- Device Hardware Problem solving
- BIOS Setting & Flashing, BIOS Beeps & error codes
- Window File Repair
- Password Locking & Breaking,
- Monitor (LED/LCD) Problem
- Keyboard & Mouse
- Hard Disk Repair
- Linux Install & SOLVING problems
- Printer & Scanner
- Hardware fault finding & Troubleshooting
- Advance Internet & Networking
- Network Fault Finding & Troubleshooting
- Working with Team Viewer, Amy Admin, Remote Desktop
- Field Service.

8. Course Name : Electronic Security System Specialist(ESSS)
Duration : 3Months

- CCTV Installation & Service
- EM Locking, Access Control System
- Biometric & Time Attendance System with Software
- DVR & NVR setting with Network, PTZ Camera Set Up
- Video Door Phone install & setting, VCLS & Smart Home
- Field Service Training.

9. PCBA (Professional in Computer Based Accounting
Duration: 3Months

- ➢ Ms word
- ➢ Ms Excel
- ➢ Basic of Accounting
- ➢ Introduction to GST
- ➢ Tally GST

10. PGDIT (Post Graduation Diploma in Information Technology)
Duration: 1 Year

1st semester
- ➢ Basics/Fundamental of Computers
- ➢ Microsoft Office(Word, Excel, PowerPoint, Access)
- ➢ Multimedia
- ➢ Basic of Hardware & Software
- ➢ Device & Application, PC-Software
- ➢ Virus & Antivirus
- ➢ C Programming
- ➢ GST Tally
- ➢ DTP(Leap Office, Photoshop, Page Maker, Corel Draw)
- ➢ PC Assembling & OS Installation
- ➢ Network & Internet
- ➢ Introduce to Linux System & Application Software.

2nd semester
- ➢ JAVA Programming & JAVA Script
- ➢ C++
- ➢ Web Page Designing with HTML 5 & CSS 3
- ➢ PHP & MYSQL

11. CA-CAD (Certificate in Auto CAD (2D/3D Modeling)
Duration: 3 Months

- An Introduction to CAD
- Input Output Devices, Raster Graphics
- Polygon Filling
- Windowing and Clipping of Polygons
- 2D/3D Transformations and Projection
- Perspective Projections and Hidden Surface Removal
- Finite Element Method
- FE Problems: Solving for Q
- 1D - FE Problems: Gale kin's Approach
- Penalty Approach and Multi Point Boundary
- Quadratic Shape Functions
- 2D/3D - FE Problems
- Mesh Preparation
- Modeling of Curves
- Modeling of B-Spline Curves
- Surface Modeling
- Display of Curves and Surfaces
- Solid Modeling Using Octrees
- An Overview of Geometric Modeling
- Parametric Cubic & Bezier Curve
- B-Spline Curve
- Parametric Surfaces
- Solid Modeling
- Geometric & Product Data Exchange
- Reverse Engineering

12. CESM (Certificate in Sales & Marketing Management)
Duration: 3 Months

- ➢ Marketing Principles

- ➢ Customer Relationship/Sales Management

- ➢ Market Research

- ➢ Financial Management

- ➢ Strategic Issues in Marketing

- ➢ DIGITAL Marketing
